Permission for students under 18

This permission grants permission for your child to participate in walking field trips organized by the school throughout the school year within our community. These trips are designed to enhance the learning experience by integrating the curriculum with real-world experiences. Examples of such trips include visits to downtown businesses, nature walks, community service activities, and other educational outings.

These outings are intended to enrich your child's educational journey and foster positive relationships within the community. Students are expected to demonstrate excellent behaviour throughout the duration of the field trips. They represent not only themselves but also our school, and it is important that they conduct themselves in a positive manner.

Every precaution will be taken to ensure the safety of all participants; however, it is important to acknowledge and accept that, as with any off-campus activity, there are risks involved. These may include walking near traffic areas, crossing streets, and visiting various venues.

Prior notification will be provided to you by your child's classroom teacher before any scheduled outing.

- ☐ YES, I give permission for my child to attend all walking field trips within the community.
☐ NO, I do not give consent for my child to attend walking field trips within the community.
